

CSEdWeek 2018
NGCP Schedule of Activities
 December 3-9, 2018

Day	Activity
Monday, December 3	<p>Teach using Google and CS First’s new activity for Hour of Code 2018, “An Unusual Discovery” (available in both English and Spanish).</p> <p>Invite creative CS professionals into your learning space with live broadcasts, thanks to Microsoft, Code.org, and Skype in the Classroom. Register here for a new speaker each day of the week!</p>
Tuesday, December 4	<p>Find an engaging computer science program in your neighborhood using The Connector ‘Find an Opportunity’ search.</p> <p>Attend the Constellations Center for Equity in Computing ‘breakingtheCode = [Underrepresented Students in CS]’ webinar at 4:00PM Pacific (7:00PM Eastern).</p>
Wednesday, December 5	<p>Request a woman computer scientist to come into your classroom or program, using resources from FabFems.</p> <p>Participate in our Twitter Chat with ECEP, NCWIT, and others, “Encouraging Equity in CS: A #CSEdWeek Showcase” using #CSEdWeek at 4:00PM Pacific (7:00PM Eastern).</p>
Thursday, December 6	<p>Join the Bridging the “Encouragement Gap” in STEM +C webinar at 1:00PM Pacific (4:00PM Eastern).</p> <p>Visit The Connector to register your computer science programs and add opportunities. The Getting Started Guide makes it easy.</p>
Friday, December 7	<p>Introduce a girl to an inspiring role model in computer science through our platform, FabFems.</p> <p>Discover broadening participation in computing resources from NCWIT and the Expanding Computing Education Pathways (ECEP) Alliance.</p>

#NGCPCSEdWeek18

We encourage you to celebrate and spotlight, throughout the week, how girls are being served by computer science (CS) programs in our NGCP Collaborative Network.
