Let’s Play!

• Go to tinkercad.com

• Sign In with Google/Facebook (or your Tinkercad account login)

• Click the magnifying glass to search

• Type “acPent” in Show me
Let’s Play!

• Choose one and click on it

• Click “Copy and Tinker”

• Click on either pentagon

• At the top left, click this button to copy it. The duplicate is located on top of your existing pentagon.
Let’s Play!

• Drag the duplicate away

• Repeat to make a few copies

• Without changing their shape (no stretching/shrinking), drag and rotate them to try to tile the floor!
