Title: A button

It looks like... It reminds me of... I notice...
A circle A brown moon It has
two circles

Artifact Bar Graph

"It's 29!"

"It was swept in from the sea. And then a bird found it and gave it to the baby bird. And that's how it got so dirty because the baby bird played with it. The bird dropped it in the library dig site."
The End

Q & A

We'll take questions from the chat and from people using the 'hand raise' function.

What Will You Try?

Share in the Chat!

- How will you help spark science interest and engagement from an early age?
- Will you try any books, activities, or approaches shared by the speakers today?

Upcoming Events
